A. REQUIREMENTS PERTAINING TO APPLICATIONS

REQUIREMENT	COMPLIANCE WITH THE REQUIREMENT
Application	<p>The application is submitted in the REKA online system. Alternatively, if necessary, an application form may be filled. In the REKA system, all applications shall be signed by persons authorised to represent the applicant in accordance with the articles of association or other similar rules. On behalf of a company, the documents shall be signed by persons with authorisation to represent the company. Private persons sign the application in person. The application form is signed as in the REKA system, with the exception that an application concerning removal of an authorised representative can also be signed by an authorised representative assigned for the account.</p>
Verifying the right of the persons signing on behalf of the account holder to sign the company name	<p>The Energy Authority will verify the information from information services of Alma Talent and the joint business information system of the Finnish Patent and Registration Office and the Tax Administration (hereinafter referred to as "<i>the Information Service</i>").</p> <p>In the case of municipalities and other institutions under public law, the Energy Authority will verify the information from the account holder's website. If the Energy Authority uses information found on the website of the account holder for the verification, the Energy Authority will also send e-mail to the account holder to double-check the information.</p> <p>A company registered abroad must submit evidence of the right to sign the company name.</p> <p>If necessary, the Energy Authority may request a written report on the right to sign the company name.</p>

B. GENERAL REQUIREMENTS ON DOCUMENTS TO BE SUBMITTED

REQUIREMENT	COMPLIANCE WITH THE REQUIREMENT
Some documents must be original or certified, and in certain cases legalised.	<p>Certain documents must be submitted to the Energy Agency as originals or as certified copies. Some documents must also be legalised. It is mentioned in the following chapters to which documents the requirements apply.</p> <p>For further information, see the Energy Authority website.</p>
Documents must be submitted in Finnish, Swedish or English.	<p>All of the submitted documents must be either in Finnish, Swedish or English.</p> <p>In the case of documents in any other language, an official translation by the authority or an authorised translator, preferably into Finnish or Swedish, must be enclosed. If there is a justified reason to do so, the Energy Authority may also accept a translation into English. For more information on authorised translators, please visit https://www.oph.fi/en.</p> <p>The original legalised document or a legalised copy thereof must be submitted with the official translation if the document concerns an organisation. If the document concerns a natural person, a certified copy of the original document is sufficient.</p> <p>If a public document is granted in any of the official EU languages and it concerns a natural person, an official translation is not needed if the document is accompanied by a multilingual standard form provided by an EU Member State. A multilingual standard form can be used to certify e.g. a person's name, domicile and/or residence, nationality and absence of a criminal record.</p>
Delivery method of documents	<p>By regular mail or in person to:</p> <p>Energy Authority Lintulahdenkuja 2 A FI-00530 Helsinki, Finland</p> <p>If the documents are to be delivered in person,</p> <ul style="list-style-type: none"> it must be done on Tuesdays and Thursdays between 8 am and 4:15 pm to the Energy Agency's lobby services, which delivers the documents to the Energy Agency's registry <p>or</p>

Also, the form which indicates the beneficial owners (see below) of an organisation requesting the opening of an account may be scanned and sent by e-mail.</p>
Age of the documents	<p>The certification and legalisation of a document must take place less than three (3) months prior to the moment when the request for action is submitted.</p> <p>The personal identification document (an identity card or passport) whose copy is submitted to the Energy Authority must be valid when the copy is submitted.</p>

C. REQUIREMENTS PERTAINING TO AUTHORISED REPRESENTATIVES

Depending on the type of representation, an authorised representative has a right to initiate transactions and/or approve actions and processes relating to the holding account, e.g., transfers and removals of authorised representatives, on behalf of the account holder. Accounts may also have authorised representatives with a right to view an account. At the opening, each account shall have at least two authorised representatives. Each account shall have at least one authorised representative with the right to initiate processes and one with right to approve processes. Verifiers shall have at least one authorised representative. A representative of a verifier may not be representative of any account. More information about rights of authorised representatives can be found on the Energy Authority's webpage <https://energiavirasto.fi/en/emissions-trading-registry> → Instructions and Forms → Authorisation for representatives.

REQUIREMENT	COMPLIANCE WITH THE REQUIREMENT
Evidence of the identity and majority of a proposed authorised representative	<p>The Energy Authority will verify the identity and majority of a proposed representative from the Finnish Population Register. As a general rule, the account holder does not need to submit any separate documents.</p> <p>If the information cannot be found in the Finnish Population Register, the Energy Authority will send a separate request to the account holder on submitting a certified copy of one of the following:</p> <ul style="list-style-type: none"> • a personal identification document granted by a member state of the European Economic Area or the Organisation for Economic Cooperation and Development (OECD); or • a passport. <p>Citizens of non-EU member states must always submit one of the above-mentioned documents, properly certified and legalised, to prove their identity and majority.</p>
<p>Evidence of permanent residential address of a proposed authorised representative</p> <p><i>At least one of the authorised representatives of a trading account or person holding account in the KP registry must live in</i></p>	<p>The Energy Authority will verify the residence of a proposed authorised representative from the Finnish Population Register. Generally, the account holder need not submit any separate documents.</p> <p>However, if the information cannot be found in the Finnish Population Register, the Energy Authority will send a separate request to the account holder to submit a certified and, if documents are granted outside the EU member states, also a legalised copy of one of the following:</p>

See further instructions in the new user guide on the Energy Authority's webpage. Users that have already registered can check their URID by logging in to the Union Registry. The URID is shown on the top left-hand corner.</p>
<p>Minimum number of authorised representatives for an account</p>	<p>For a verifier, the mandatory minimum number of representatives is one (1) authorised representative per verifier.</p> <p>For all accounts, the mandatory minimum number is two (2) authorised representatives per account.</p>

D. REQUIREMENTS PERTAINING TO HOLDERS OF TRADING ACCOUNTS

Trading accounts are opened in the Union Registry. This is a voluntary account type.

If the party opening an account is an organisation:

REQUIREMENT	COMPLIANCE WITH THE REQUIREMENT
Evidence on the organisation requesting the opening of an account having an open bank account in an EEA member state	The organisation requesting the opening of an account must submit a signed statement from the bank regarding an open bank account. The statement must include the following: the bank's name, the bank account holder's name, the date and a signature of a representative of the bank. The statement must in principle be submitted as an original document.
Evidence of the registration of the organisation requesting the opening of an account and a list of its managers as defined in Article 3(1) point (25) of Regulation (EU) 596/ 2014 . If necessary, also the instrument establishing the organisation. <i>An account may only be opened for an organisation registered in Finland.</i>	The Energy Authority will verify this information from the Information Service. As a general rule, the organisation requesting the opening of an account need not submit any separate documentation. If the information cannot be found in the Information Service, the Energy Authority will send a separate request on submitting relevant documents to the organisation requesting the opening of an account. The documents must be originals or certified copies.
Criminal record data of the management of the organisation requesting the opening of an account, as stated above <i>The Energy Authority may refuse to open an account if one of the people included in the management of the potential account holder is being investigated or has been convicted in the past five years of fraud pertaining to emissions allowances, money laundering, funding of terrorism or any other serious crime in which the account could be used.</i>	Persons living in Finland: The Energy Authority will request the information directly from the Finnish Legal Register Centre. The organisation requesting the opening of an account need not submit any documents to the Energy Authority. Persons living outside of Finland: The organisation requesting the opening of an account must submit the criminal record data of the person living outside of Finland from the person's country of residence as an original document or as a certified copy. If the criminal record is requested outside the EU member states, the document must be legalised. The Energy Authority will also always request information about the whole management of the organisation from the Finnish Legal Register Centre.

REQUIREMENT	COMPLIANCE WITH THE REQUIREMENT
Information about the beneficial owner of the organisation requesting the opening of an account, including the name, date of birth, nationality, type of ownership or authority, as defined by the Act on Detecting and Preventing Money Laundering and Terrorist Financing (444/2017).	<p>The Energy Authority will verify this information from the Information Service. As a general rule, the organisation requesting the opening of an account need not submit any separate documentation.</p> <p>If the information cannot be found in the Information Service, the Energy Authority will send a separate request to the organisation requesting the opening of an account on submitting a report on a separate form on the beneficial owners of the organisation.</p>
A certificate from an authority on the organisation requesting the opening of an account being included in the register of parties liable to pay value added tax	The Energy Authority will verify this information from the Information Service.
If necessary, financial statements of the organisation requesting the opening of an account	<p>The Energy Authority will verify this information from the Information Service. As a general rule, the organisation requesting the opening of an account need not submit any separate documentation.</p> <p>If the information cannot be found in the Information Service, the Energy Authority will send a separate request on submitting relevant documents to the organisation requesting the opening of an account. The documents must be originals or certified copies.</p>
Evidence of the registered address of the organisation requesting the opening of an account	If the organisation's registered address is not stated in any of the documents listed above, the organisation requesting the opening of an account must upon request submit another document that includes the address to the Energy Authority. The document must be original or a certified copy.

If the party opening an account is a private person:

REQUIREMENT	COMPLIANCE WITH THE REQUIREMENT
Evidence on the private person requesting the opening of an account having an open bank account in an EEA member state	The private person requesting the opening of an account must submit a signed statement from the bank regarding an open bank account. The statement must include the following: the bank's name, the bank account holder's name, the date and a signature of a representative of the bank. The statement must be original or a certified copy.

REQUIREMENT	COMPLIANCE WITH THE REQUIREMENT
<p>Evidence of the identity of the private person requesting the opening of an account</p>	<p>The Energy Authority will verify the identity of the proposed person from the Finnish Population Register. Generally, the private person requesting the opening of an account need not submit any separate documents.</p> <p>If the information cannot be found in the Finnish Population Register, the Energy Authority will send to the private person requesting the opening of an account a separate request on submitting a certified copy of one of the following:</p> <ul style="list-style-type: none"> • a personal identification document granted by a member state of the European Economic Area or the Organisation for Economic Cooperation and Development (OECD); or • a passport. <p>Citizens of non-EU member states must always submit one of the above-mentioned documents, properly certified and legalised, to prove their identity.</p>
<p>Evidence of the permanent residential address of the private person requesting the opening of an account</p> <p><i>An account may only be opened for a private person who permanently lives in Finland. The person's citizenship is of no significance; only their permanent residence is decisive.</i></p>	<p>The Energy Authority will primarily verify the information from the Finnish Population Register. The private person requesting the opening of an account need not submit any separate documentation.</p> <p>However, if the information cannot be found in the Finnish Population Register, the Energy Authority will send to the private person requesting the opening of an account a separate request on submitting a certified and if documents are granted outside the EU member states also a legalised copy of one of the following:</p> <ul style="list-style-type: none"> • A personal identification document submitted in accordance with the paragraph above if it shows the person's permanent address; • Any other form of personal identification granted by an authority that shows the person's permanent address; or • If the person's permanent country of residence does not grant personal identification documents that show the person's permanent address, a certificate from a local authority on the permanent residence of the person.

REQUIREMENT	COMPLIANCE WITH THE REQUIREMENT

For a justified reason, the Energy Authority may request the criminal record data of the private person requesting the opening of an account from another country as an original document or as a certified copy. If the criminal record is requested outside the EU member states, then the document must be legalised.</p>

E. REQUIREMENT PERTAINING TO REGISTERING A VERIFIER

REQUIREMENT	COMPLIANCE WITH THE REQUIREMENT
<p>A document proving that the person requesting the opening of an account has been accredited as a verifier in accordance with Article 15 of Directive 2003/87/EC</p>	<p>The Energy Authority will verify this information directly from the authority that accredited the verifier. The verifier requesting the registration need not submit any documentation. If necessary, the Energy Authority will contact the verifier to request further information.</p>

F. OPENING AN OPERATOR HOLDING ACCOUNT OR AN AIRCRAFT OPERATOR HOLDING ACCOUNT

REQUIREMENT	COMPLIANCE WITH THE REQUIREMENT
<p>A document clearly identifying the structure of the group if the account holder is part of a group.</p>	<p>The Energy Authority will verify this information from the Information Service.</p> <p>If the information cannot be found in the Information Service, the Energy Authority will send a separate request on submitting relevant documents to the organisation requesting the opening of an account. The documents must</p>

	be originals or certified copies. Documents issued outside of the Nordic countries must also be legalised.
If necessary, information about the beneficial owner of the organisation requesting the opening of an account, including the name, date of birth, nationality, and type of ownership or authority, as defined by the Act on Detecting and Preventing Money Laundering and Terrorist Financing (444/2017).	<p>The Energy Authority will verify this information from the Information Service.</p> <p>If the information cannot be found in the Information Service, the Energy Authority will send a separate request on submitting relevant documents to the organisation requesting the opening of an account.</p>

G. OPENING A PERSON HOLDING ACCOUNT IN THE NATIONAL KP REGISTRY

A person holding account in the KP Registry (KP account) is opened in the Kyoto Protocol National Registry. The account type is voluntary. EU emission allowances cannot be held in a KP account, only KP units can be held there (CER, ERU, AAU, RMU). A KP account is needed for example if the party requesting the opening of an account participates in a CDM project and receives CER units directly from the CDM registry. A KP account can only be opened for legal persons.

REQUIREMENT	COMPLIANCE WITH THE REQUIREMENT
Evidence on the organisation requesting the opening of an account having an open bank account in an EEA member state	The organisation requesting the opening of an account must submit a signed statement from the bank regarding an open bank account. The statement must include the following: the bank's name, the bank account holder's name, the date and a signature of a representative of the bank. The statement must in principle be submitted as an original document.
<p>Instruments establishing the organisation requesting the opening of an account and evidence of the registration of the organisation and its management (persons effectively directing the day-to-day operations of a legal person)</p> <p><i>An account may only be opened for an organisation registered in Finland.</i></p>	<p>The Energy Authority will verify this information from the Information Service.
